# The Study

2007-2008

## A Message From the Head of School Ms. Falco

The Study Yearbook provides a wonderful venue for reflection and celebration. This treasure book of photos and stories covers many of the highlights of the learning activities, special events and remarkable accomplishments that have taken place over the school year. Our Study girls constantly amaze me and it is truly a privilege to watch them in action as they develop their special talents, earn accolades in a multitude of areas and regularly take action to make a difference for others. It is truly an honour to know each of our students and to work with them along with our dedicated faculty and staff, to build a dynamic and compassionate school culture.

La promotion de 2008 est certainement très spéciale et c'est avec des sentiments mêlés que nous les regardons se diriger vers leurs nouvelles aventures. Pendant leurs années à The Study, ces finissantes ont démontré du talent incroyable dans plusieurs domaines, elles ont recherché l'excellence, elles ont fait preuve de courage et de détermination et ont développé des amitiés durables. Nous avons tous bénéficié de l'esprit d'équipe de cette classe de cinquième secondaire. Ces jeunes femmes ont agi de manière exceptionnelle comme modèles et mentors pour nos jeunes élèves. Avec toute une gamme d'options post-secondaires à l'horizon, j'ai confiance que les finissantes de 2008 de The Study vont suivre leurs passions et se tailler un avenir qui sera épanouissant pour elles et qui aura un impact sur la société. J'espère que vous nous tiendrez au courant de vos exploits et de vos défis. J'attends de vos nouvelles avec impatience et je serai là pour vous écouter et pour vous soutenir.

Many thanks to our Yearbook team who has worked thoughtfully and thoroughly over many, many months to capture the highlights of this most positive and active school year. Thank you to co-editors, Tiffany Madon and Arielle Morgan and committee members Corinne Bertoia, Courtney Brais, Maria-Olivia Castellano, Julie D'Aoust, Isabelle Richard, Claire Shaw, and Ashley Whalen as well as faculty advisor Ms. Anna Palumbo for their time, dedication and endless creativity. Bravo!

Best wishes to the Class of 2008!

Elizabeth Falco, M.Ed., MBA  
Head of School

## Ms. Zannis - Director of Senior School

Dear Graduates and current Study Students,

What an exciting year the 2007-2008 school year has proven to be! Cette année, nous avons participé à plusieurs activités en classe, à Montréal et ailleurs. Notre devise, "Le monde a besoin de femmes formidables", a pris tout son sens; il y a plusieurs femmes formidables à The Study, c'est certain!

Curriculum changes brought in new and exciting approaches to learning, and built on the strength of our ongoing programmes. Each one of you, each day, experienced success. On the occasion that success may have rested a little further from your grasp, you knew you could count on your classmates, your teachers and other adults in the school to help bring you closer to success.

At The Study, working, whether it is on a science project, The Celebration of the Arts or organizing Sports Day, means working together, as a team. Nowhere did I see that demonstrated better than at our grade 11 retreat in August. The Grads of 2008 started the year with camaraderie and I had the pleasure of watching that support for one another extend to the entire school community as the year progressed. How proud we are of the Class of 2008 - Bravo!! J'espère que tous vos rêves se réaliseront.

Antonia Zannis  
Senior School Director

## Mme Bastien-Doss - Directrice du primaire

Our founder, Margaret Gascoigne inspired the Elementary Schools 2007-2008 year with her educational philosophy: teach and learn what really matters. This theme helped us identify and understand the attitudes, actions, people and things that really matter by guiding our thoughts as well as our actions.

Bien que les connaissances et le savoir soient au coeur de notre enseignement, c'est surtout l'attitude et la façon dont nous nous ouvrons à ces connaissances qui font la différence. L'élève qui manifeste de la curiosité, une soif intrinsèque d'apprendre et le plaisir de chercher, de réfléchir et de créer, vit cette philosophie au quotidien.

La participation des élèves à une multitude de projets excitants a illustré cette soif de savoir et cette fierté de partager leurs connaissances. Je pense entre autres au projet médical de l'hôpital Général de Montréal, à celui du Parlement écolier, de la semaine de la lecture, ou encore au projet multidisciplinaire de La foire du Patrimoine.

Ce qui compte vraiment, c'est cette lumière spéciale qui brille dans les yeux et le coeur des élèves, des enseignants et des parents du Study. Félicitations pour cette année scolaire bien remplie!

Sylvie Bastien-Doss  
Directrice de l'école primaire

# The Yearbook Team

It is hard to express how proud we are of this year's yearbook. The countless hours of hard work have finally paid off to produce a book of amazing memories of the 2007-2008 school year. It wasn't always easy to run around looking for pictures, come up with new designs for every page, collect write-ups, and to make (and miss) deadlines. We would like to thank everyone who gave us pictures, wrote write-ups, as well as the talented artists who created our divider pages (Alex D., Stephanie C., Natasha T.). One thing is

for sure, it would have been impossible without the help of our amazing yearbook team. Corinne, Ashley, Claire, Maria, Courtney, Isabelle, and Julie; you have done an amazing job and we cannot thank you enough for your dedication. Last but not least we would like to thank Ms. Palumbo for supervising the whole operation, and helping us in so many ways to pull the book together.

Enjoy!

Your editors,  
Tiffany Madon and Arielle Morgan

# STUDENT COUNCIL

**Lara De Stefano**  
**Head Girl**

Being on the 2008 Student Council has been a great experience for me. First I'd like to thank the entire team: Leila, Alex, Tiffany, Titia, Claude, and Bianca for an amazing year and Ms. Zannis for her constant guidance and support. Although being Head Girl has kept me on my toes throughout the entire year, I can confirm that it has been a load of fun every step of the way. To Amanda and next year's Student Council, good luck! You won't believe how quickly it goes by!

**Leila Ghaemi**  
**Sub-Head Girl**

Though short-lived, my participation in the Student Council has been both exceedingly challenging and rewarding. The experience I have gained in leadership as well as the fond interactions I have shared with my peers have not only prepared me for the upcoming chapters in my life, but allowed me to become a confident, courageous, and realistic individual that will continuously be anxious to learn from others. I would like to thank Ms. Zannis for her unconditional support as well as The Study School for all it has taught me throughout the past five years. Being a part of the Student Council was more than a pleasure and will forever remain an amazing memory.

**Alexandra Dionisopoulos**  
**Sports Captain**

"Impossible is nothing. Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing." -Adolf Dassler

**Bianca Pungartnik**  
**Entertainment Prefect**

This year was one of my best years in high school. Being on Student Council, was an amazing experience! From planning the grade 7/8 dance, to the talent show, to Cotillion, I couldn't have done it without the rest of Student Council, I love you guys and I had a lot of fun times. Josie, good luck next year! I know you will make an AMAZING entertainment prefect! Last but not least, I'd like to thank Ms. Zannis. To tell you the truth in 7th grade I would be afraid to go into your office, but since those 5 years, I've realized that you are a very caring person, and without your help, nothing would have been possible.

**Tiffany Madon**  
**Secretary**

It's pretty hard to describe my experience as a member of this year's Student Council. None of the events organized this year would have been possible without the great teamwork everyone has put in and Ms. Zannis' hard work and cooperation with us. To next year's Student Council, enjoy every minute of it. The Wednesday lunches, skit preparations, and ongoing debates about dance themes will fly by. "Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing."

-Adolf Dassler

**Claude-Alicia Guerin-Roy**  
**Elementary School Prefect**

As Elementary School Prefect (or 'Decoration Head' as the Student Council renamed me!) I had the best year of my life. Organizing events, Wednesday meetings, countless hours spent cutting dance tickets has all been great fun. I would like to thank Ms. Zannis, without her help this year wouldn't have been half as successful as it was. To next year's council, don't take the experience for granted, seize every moment as if it were your last because time goes by faster then you could ever imagine, and soon it will be your turn to crown your replacement and move on. To my teammates; I hope the times we had together become blissful memories when looking back.

# Committees

## Bazaar Committee - Daphne Pungartnik and Natasha Thorpe

Doing the bazaar this year was a very rewarding experience for both of us. It provided us with the opportunity to develop our organizational skills as well as our ability to work as a team. We learned that it takes a cumulative effort to pull a big event like this together, as well as a lot of time and effort. The Nintendo Dreamland theme really allowed us to express ourselves creatively. We are very thankful for all the support we received, in particular from Ms. Zannis. Good luck to next year's heads!

## Art Head - Danielle Hum

As the Art Committee Head of 2007-2008, I'd like to thank my committee and Mrs. Campbell for their support. Without them, the banners would have been a catastrophe.

I'd also like to wish next year's Art Committee heads, Kelly Donovan and Shirley Ho, much fun and good luck.

## Grad Head - Sabrina Gentile-Grassi

From decorations and flowers to seating arrangements and menus, though stressful at times, Grad was a success and so exciting to plan. Thank you Sarah, Joanna, Daphne and Cassie for being an amazing Grad committee and always willing to help. Of course, thank you Mme Anderson and all the parents for their support. It was an honour to be elected to plan one of the most anticipated events in our high school years. Let's eat, breathe, get some rest and have fun!

## Tuck Heads - Sarah Nemec and Alina Dittmann

First off, we'd like to thank you, high-school student body, for helping make Tuck successful. You ate us out of house and home (or locker room cabinet, rather)!

A special thank-you to Mme. Anderson for helping us and a big thank-you to our parents for helping to supply the candy by driving us numerous times to Costco. Good luck to next year's Tuck Head!

## Model United Nations - Caroline Jo and Julia Deutsch

Delegate badges. Last-minute catering. Countless placards. Runner training. Blizzard control and 80 kids from all over Montreal. It has been an amazing experience organizing The Study 2008 MUN. Thank you to Ms. Fahmy, the delegates, the runners, the chairs and best of luck to next year's MUN heads!

## Girls For The Cure - Saraah-Ellise Hicks, Clara Haskell, Vanessa Payette

Being a part of Girls For the Cure was a time in our High School careers that we will never forget. Just knowing that by all of us (private girl schools) getting together and contributing to such a great cause was going towards making a difference in the lives of those who have been or who unfortunately may be affected by breast cancer was a really inspiring experience.

## Alumnae Prefects - Andréanne Beaudoin and Alina Dittmann

Well! It's been an exciting past two years as the Class of '08 Alumnae Prefects. We've had quite the time organizing projects, helping out with alumnae lunches and cocktails, and so on and so forth. We know that our work has barely begun and we hope that we will see you for many reunions to come.

## Community Service - Gen Richard

This year has been extremely rewarding as Community Service Rep. I had the chance to work with Mme. Anderson to prepare assemblies as well as help increase awareness and to give the students ideas on different volunteering activities. I got to improve my leadership skills and learn more about community service. Thank you Mme. Anderson for all the opportunities you have given me and for all the help you have offered this past year.

*"We make a living by what we do, but we make a life by what we give."*

# Graduates

By Alexandra Dionisopoulos

Andréanne Beaudoin

For 12 long years I have been waking up, putting on a tunic or kilt, navy blue knee socks, a button-down shirt and a tie. These years have been amazing. I have had teachers that have taught me beyond the textbook. Thank you for putting up with me all these years when I have talked in class, forgotten my glasses and missed homework assignments. I have also made friends that I will cherish for life. You guys have made a world of a difference in my life. I love all of you so much and I know that different schools and classes cannot break the bonds we have made. I will never forget the class of 2008.

"Each friend represents a world in us, a world possibly not born until they arrive, and it is only by this meeting that a new world is born."

-Anaïs Nin

Marian Bennett

Laetitia Bonaldo-Corning

AF: Lili & Titi Adventures, Vlad (waterslides), chin phobia, is your belly yellah? ETC! DP: You always lisp your s every now and then (sasser, bense) I love you. BFFAE BP: You're not a twin. You're a triplet!! (get it? I'm your sister!) LD: "Any food you don't want I'll have" (typical conversation between us) LG: "But ticia...you stole my husband". SN: She listens to Andrea Bocelli and we like Notre-Dame de Paris. Don't judge. CR: You're super crazy. SG: Remember that time when I almost killed you in Quebec city when you got that brush stuck in my hair?! JM: You always manage to come to school with a new random sickness everyday. It's a talent really. KK: J'TM SR: Chewy tendres (s'mores)! CLASS08: Love you all! TEACHERS: Thank you for putting up with me. MOM&DAD: Thanks for sending me to this school in grade 3 despite my illiteracy in English. I'm so glad you did because otherwise I would never have met all these wonderful people.

The past year at The Study School has been an amazing one. I am truly sad to leave this school, which has been my home for such a short period of time. I would like to thank all my teachers for helping me through grade 11 and showing every day their love for teaching. I would also like to thank all my classmates for always being there for me and all those fun times that we spent together. Laura G ; looking forward to next year together at Vanier!. Laura S : I'm going to miss our weekly McDonalds rendez-vous. Andrea : our study gone wild episodes. Kara : Stratford , HJ(you know what I mean). Ji : I'm going to miss our LCC interviews together and lunch dates.

Lisa Campbell

Choisir la vie, c'est toujours choisir l'avenir. Sans cet élan qui nous porte en avant nous ne serions rien de plus qu'une moisissure à la surface de la terre.

Stephanie Creaghan

Normally, I am pretty organized when it comes to assignments and school projects. However, it seems that the infamous grade eleven one-foot-out-of-the-door syndrome has set in because I find myself procrastinating more and more. This 150-word grad write-up, for instance, was started three weeks ago and now that the deadlines have passed and those last minute emails from the yearbook editors have been sent, I feel inclined to finish it or suffer the consequences (the dreaded blank page). I have been at The Study for six years and now it is my time to leave. I will miss my friends and my teachers. I will miss walking up Braeside every morning and running down it at 3:30. I will miss lunchtime conversations and the art room's view. Thank you to everyone who supported me and to everyone who made me laugh. I will miss this big house on the hill.

Julie D'Aoust

Lara De Stefano

It seems like just yesterday when I met all of you for the first time, and it's already time to go our separate ways. Thank you to all my teachers who have continuously put up with me, especially A.B., to my parents for their constant support, to my brothers Philip and Nikolas who I love in spite of everything they do, to Ally who has always been there for me, and to Maria for being my other half. M.C. A.F. D.P. L.B. B.P. J.D. A.D., the memories are unforgettable.

"Life is too short to wake up in the morning with regrets. So love the people who treat you right, forget about the ones who don't and believe that everything happens for a reason. If you get a chance, take it. If it changes your life, let it. Nobody said that it'd be easy, they just promised it would be worth it"

Despite the fact that I grew up reading Study Yearbook blurbs, I really never thought I would end up writing one or if I did, I was sure I was going to know exactly what to say. And here I am, ready to graduate at the ripe old age of 16 and I have no idea how to summarize my time at The Study. This place, the people and feeling of community have become an integral part of who I have become and will follow me always. Even now, I cannot imagine going out into the world and leaving the place I have grown to recognize as my home. Still, I know that my education and all the friendships I have made along the way have armed me with the tools to face tomorrow's challenges and become the woman I want to be. Thank you for everything.

Julia Deutsch

Alexandra Dionisopoulos

We've been waiting forever for this day, the day we graduate. It feels as though we've been here forever, but that we're leaving just a little too soon. A day here can feel like a lifetime, but the years go by faster than I ever thought possible. I've had so many great memories here, so many great teachers, and so many great friends. I'm part of a class of 36 amazing girls, all of whom I love with all my heart. Julie, Arielle, Ally, Lara, Genn, Vero, Van - thank you for your friendship and love, I will never forget you. To the StudMuffins I've been on sports teams with, I love you all and share some of my greatest memories and laughs with you. To my out of school friends: Gabby, Claire, Alex, I couldn't have gotten through without you. I love you all. I know that I will be walking out of here ready to leave, but sad to go.

From learning that you have to color inside the lines in Kindergarten to studying the human psyche in grade 11, I seem to have covered it all in my twelve years at The Study. It has been a long journey, but I have come to the end of it, only to start a new one soon. I have developed and acquired many useful skills and managed to make the most cherished friends along the way. I am so grateful for the lessons learned and the laughs shared and certainly will never forget any of it.

To the class of 2008, thank you for being so wonderful and I wish you the best of luck while you continue the rest of your journeys.

Alina-Mihaela Dittmann

Julia Durham

It has been 12, great, FABULOUS years at The Study and it has passed in a flash. It feels like just yesterday we were in Mrs. Vikander's class. This year has definitely been the best out of all of them. I have so many great memories of hanging out, practices and meets. AB, AM, AM, I love you guys SOSOSO much and I will always remember the random sleepover with the hats and movie marathons we've had and still to come. To "the group", you guys have my weekends with our Friday nights at the rink and our last minute plans. AD, JM, I miss living with you guys and we'll have to make another 30 trip to finish Greys. Swimming people, you make almost every night memorable with Caterina stories and just being you.

My nine years at The Study are quickly coming to an end, but in reality, this is only the beginning. Mom and Dad - thanks for always being there and supporting me, and Julia - you're the greatest sister anyone can ever ask for. Lara - I don't know what I would have done without you. Alex- you are the definition of a true friend. D.P, B.P, L.B - I can't even begin to describe the amazing times we've had together. You crazy kids are what made waking up early and coming to school worth it. Class of '08 - you've taught me so much; I wish you all the best of luck in the future. Forget regret or life is yours to miss. - Rent

Alessandra Fraquelli

Sabrina Gentile-Grassi

After 12 years of overwhelming anticipation, the closer I get to my graduation, the more I find myself focusing on all the little things that are quickly coming to an end. Having been at this school for over a decade, it has become a second home to me. How am I supposed to describe all my years at The Study in a nutshell of 150 words? I would like to thank my friends that I have made along the way, my family for giving me this incredible opportunity and their continuous support, and my teachers who patiently gave me their time and energy. I am eternally grateful to all of you who have taught me the most important lessons I will ever learn in this significant part of my life. To Claude, Sarah, Leila and Joanna, I can only hope to find half as good a group of friends in the near future. Thank you for making my final year at The Study a memorable one. I love you guys. To the graduating class of 2008, I will miss you and I hope to see you in the future!

Logically, it is impossible to sum up my Study experience in 150 words or less, but I'm willing to try. E.E. Cummings once said, "It takes courage to grow up and become who you really are." I have been at The Study for the past five years, and I cannot be more grateful for the impact this school has had on my life. Because of this fine establishment, I am now able to take on the world and reach my goals without ever having to compromise who I am and what I believe in. Due to the strong support of my teachers, family, and friends, I have grown into a graduate that has not only accomplished a great deal in her past, but is ready to conquer the future that lies ahead. I would like to thank my parents for their unconditional love, my sister/soul mate who is always there for me, and most of all my fabulous class of 2008. Peace, Love & Gratitude.

Leila Ghaemi

Laura Gregory

I'm a lover not a fighter but I'll fight for what I love and I love the friendships I've been able to make here and they will always be remembered! Love you guys!!!

Life's too short. Grudges are a waste of perfect happiness. Laugh when you can, apologize when you should, and let go of what you can't change. Love deeply and forgive quickly. Take chances, give everything, and have no regrets. Life is too short to be unhappy. You have to take the good with the bad, smile when you're sad, love what you got, and always remember what you had. Always forgive but never forget. Learn from your mistakes, but never regret. People change, and things go wrong, but always remember life goes on.

Goodbye to you class of '08...I wish you all success, love, but most of all I wish you happiness.

Claude-Alicia Guérin-Roy

Clara Haskell

With my five years at The Study almost over I cannot help but be grateful. I am so grateful for a great education and wonderful teachers. I am so grateful for my amazing classmates and friends, who have been by my side throughout these years. I am happy that I am moving forward to a new chapter of my life, but moving forward doesn't mean forgetting. With all the love in my heart I want to say to the graduating class of '08: You are all great, your smiles will always be in my heart and just go out and do what makes you happy! I know you are all going to be awesome at whatever you choose to do!

"Let the beauty of what you love be what you do." - Rumi

It is hard to believe that my High School experience is finally over. Three years at the Study have seriously flown by. Throughout the years I have had challenges thrown my way, one of them being changing schools (MMA to The Study), but I made it through with the help of my family and friends. To Mom, Brosky, Granny, MMA family and to my Study family, thank you for being there for me through everything. It has meant the world to me! Because of you guys, High School wasn't as big of a nightmare as it was first made out to be. Believe that! Girlies, we've had good times, made great memories and now it's time for us all to take the next step! Good luck to us all!

"It's something unpredictable, but in the end it's right, I hope you had the time of your life."  
- Green Day

Saraah-Ellise Hicks

Danielle Hum

Quicquid coepit, et desinit. Veritum dies aperit. As we have ventured so far together, any sadness of parting now will only fortify the hope of crossing paths again in the future. I will miss you all and I wish you all the best in your new journey. Smooth sailing and may the wind always be with us!

Omgosh. Four years at The Study. Four years as Cojo. Four years with the best sisters I have ever known. It doesn't make sense how fast those 1461 days have passed. But those four years have just been amazing. Apparently laughing makes you live longer. Well, then these years at The Study have added ten more years to my life. Mom, Dad and Charlie, I love you so much. Jules: I can't IMAGINE life without you. AB: You are the beautifulest Galactia of life. Deutsch: You make debating the ultimate bonding experiences! Ji: You complete my koreannism and VR: you are the best blond twin ever and GR, AM, TM, AD, KK you made my years phenomenal. Thank you to all the amazing Study teachers who were always there for me AND thanks to all my Delta-Betians who made me proud. (I love you AD and MC). To the class of '08: thanks, good luck and I really truly love you all.

Caroline Jo

Tiffany Madon

Throughout my education, I've learned that every story has a beginning, a middle, and an end. Although our time here at The Study has come to an end, this is the beginning of the rest of our lives. To my friends, teachers, coaches and family, thank you for giving me the opportunities I have received. I will never forget the times we've shared here together. To the class of 2008, not only have we made it this far, we made it with smiles on our faces and friends by our sides. Good luck girls on all the adventures to come, see you all soon enough!

"Don't be dismayed at goodbyes. A farewell is necessary before you can meet again. And meeting again, after moments or lifetime, is certain for those who are friends." Richard Bach

Right now I feel a little like Alice, tumbling down the rabbit hole, but Morpheus can put away that blue pill because I'm moving forward. My six wonderful years at The Study are ending. I'll miss the great friends, for I continue my journey alone into the scary world of Marianopolis Pure and Applied Science. You guys really helped me come out of my shell and learn to have a little fun, at least after the first year of silence on my part. Thanks for not giving up on me. I will also miss the teachers and staff, who have helped me discover my passions for art, math, and most of all science.

I finish with a quotation said by the brilliant Ferris Bueller "Life moves pretty fast. If you don't stop and look around once in a while, you could miss it."

May the force be with you.

Amanda McCoubrey

Kara Mercado

I've only been at The Study for two years. It's a short time and sometimes I wish I had spent more years at this school with these awesome people but wanting more would be too much. I have to admit that I spent memorable times, and met the best people at The Study. I'll never forget the odd smells of the grade 11 locker room, making up beats during double gym with 11A, the noise that the class of 2008 can make and etc But most of all, I'll never forget: ploc friend, the Julias, horse lover, my 2 kidnapper plotters, Dear Jesus, Shiny, parrot, the ones who are always sick, the twins, my homeroom teachers, and all the other people in the grade that I didn't name are all Giselle to me. So this isn't goodbye because friends never say goodbye, never say goodbye.

After twelve years at The Study, I leave the place I consider my second home, ready to face the challenges ahead of me. I want to thank my teachers who always believed in me, as well as my friends and family who always stood by me. Mom, Dad, thanks for everything. SN, SG: I would not have made it without you. I will cherish our friendship forever. I'll never forget all the good times we had together. Let's keep them coming JD, LG, CR, CP, KK: I love you girls. School would not be the same without you. Thanks for all the memories.

Joanna Miceli

Andrea Michel

The Study has been an experience I will never forget. I am very sad to leave my friends behind, but every end has a new beginning. Laura S: I will never forget your friendship and how you showed me the true meaning of a loyal friend. Lisa: I will never forget the great memories we shared with each other. Kara: I will never forget your random girl in the corner quotes. Lastly, Danielle: I can't wait for our future trip to Japan! Finally, I will never forget the kindness and friendship you've shown me.

I can't seem to grasp that my five wonderful years at The Study are coming to an end. I keep thinking that next year we will all be back here doing it all over again. The Study has helped me become who I am today and I'm very sad to be leaving. Thank you to all my teachers for their time and effort - it made all the difference, and to all other staff members in the school for being so friendly all the time. Most of all I would like to thank all my friends who have helped me through tough times and made the good ones so much better. To the class of 2008, I will miss each and every one of you and I hope to see you soon.

Arielle Morgan

Sarah Nemec

Twelve years at The Study has provided me with wonderful memories. I can gladly say that I have learned so much and grown as an individual from many different experiences. I will be forever thankful for my teachers who never gave up on me and for my amazing friends who never let me down. LG,SG,JM,CP,CR: I love you very much. Thank you for being there for me through thick and thin. The good times we had together will always be remembered. To the graduating class of 2008: You guys are amazing. Thank you for making the school days full of laughter, love, and most importantly: dance parties. I will miss all of you crazy girls and wish you the best of luck for the future.

"All this time is passing by, All the way I've had to say goodbye, Oh my life begins today, After all, I've walked I've crawled I've loved along the way."  
-Lifehouse

I still can't believe that my 11-year journey at The Study has come to an end! Thinking back on all those years, I already know that I've made some amazing friends and that many memories will never be forgotten. Thanks Mom, Dad, Sacha and Nick for supporting me until the end. To the Class of 08, I never could have asked for a better class to graduate with. Thank you so much BP: I love you to death. Can't wait for next year so that we can analyze all our friends. CH, SH, and AD: We've made memories and inside jokes that will be told for years to come. Love you always. VR: Best Friends For Life. Thanks for always being there for me even if I clearly don't deserve it. CP: Unforgettable trips and unforgettable memories. Je t'aime!

Congrats you guys. We finally made it!  
Vanessa xoxo

Vanessa Payette

Cassandra Pilla

High school went by so quickly. I remember in grade seven, looking up at those big girls in grade eleven and thinking how I could not wait to be where they were. It came much faster than I thought it would, and now, it's over. I look back at my years at The Study, and I am rather pleased. The Study has taught me many things in terms of the academic field. I learned to speak Chinese, something I would have never imagined knowing by grade 11 and countless other subjects. One of my most cherished memories of this school was my first trip to China in 2006, which sprung a passion for traveling. I have made valuable friendships, in both my grade and others. The Study is a place where truly important things are taught. I will cherish the memories and will always keep the values that this school has taught me. Even though I am moving on I will always be a Study girl.

I've been here at The Study for 11 years, ten out of the 11 years, I would complain about the school. Now that I am graduating, I realize that there is nothing to complain about. The friendships I have made with the students and teachers are what make this school an incomparable 1! LB+MC I've always considered u2 my sistas. AF aka Shishkabob/LD ILU both so much. Kneemeck you make me smile. VP we're an old married couple. LS ur crazy but it makes me smile. Thanks to my family for always being there no matter what. Thank you Ms. Walsh, you've helped me so much. Thank you to all the rest of my teachers, with your teaching, I'm ready for cegep. To the rest of the grade, we share a bond that no other grade has, ILU ALL.

How lucky I am to have something that makes saying goodbye so hard.

Bianca Pungartnik

Daphne Pungartnik

WOOOOOOW. I can't believe it's my turn writing my own paragraph for the yearbook! I have spent more than HALF my life here and I can say although I have the one-foot-out-the-door syndrome, I could have never asked for a better school to spend all those years in. (As corny as that sounds). I guess this is supposed to be the part where I write all those inside jokes that no one understands but instead I'm going to change it up a little and just thank all the teachers who had to put up with me sometime during my years here at The Study. I'm pretty sure without you I wouldn't be where I am today. Thank you Maggie and the family for also putting up with me. And to the best graduating class, I will NEVER forget any one of you. I love you all! So long, farewell, auf Wiedersehen, adieu!

Congratulations everyone! I'm so glad we made it through and we are moving on! I'd like to thank all the teachers and all my friends for all the support and fantastic times we have shared. I'm happy to say thank you to The Study and the community surrounding it. I am happy with the person you have helped me become and I am ready to embrace the next step in my life. To my friends, thank you for helping me through the great times we shared and I will hopefully see you as often as I can even though I am off in another direction. Hopefully the coffee dates, thrifting and book shopping will continue on for the years to come and the good laughs will follow close behind. To my graduating class, good luck and most of all, make the most of all the times ahead.

"Happiness is only real when shared."  
- Christopher McCandless

Geneviève Richard

Véronique Roszs

It's always been a bit of a scary experience, knowing that I'm going to leave this place, seeing as I've been here since I was about three feet tall. How can we be in grade 11? The grade 11 girls are the mature ones, the grownups. And we are so not grown up. It seems like we are a lot shorter than every other grade to pass this stage, and less intimidating. About my grade though, I love these girls. We've been through so much together it feels like I have 35 sisters. There have been problems, but everyone grows up and hopefully matures. I'll never forget any of you! Van, Claude, Alex, Clara, Tiff, among others. Something to live by, "I would rather be hated for who I am than loved for who I'm not."  
Goodbye Loves xoxoxo

Thank you Mother, Father and God. Thank you everyone in the grade. Special thanks to: Mme. Anderson and Mme. Brunet for helping me with my French, Ms. Kemeny for her musical and Ms. Liogas for the band. Danielle and Deutschland, thank you (wink wink) Lisa, great times in LCC, My lovely Lemur, thanks for always understanding my weird imaginations, George, hope you don't fall off chairs in cegep Auny, I'll miss your pushing and yelling in the locker room and Caterpillar, your ridiculous laughs during math, Cojo, I love it when you sneeze - My ferocious lurky carebear, don't ever change The Pedophile, twas fun putting my foot on your face while you were sleeping Miscreant, saggy broken spandex, chin stitches, and coughs, you're truly a lovely character MAMMY!!!! and Squirrely I just love you both to death. Lastly, I'd like to thank myself for being such a good friend and being so awesome. I love you.

JiWon Shin

Laura Silvius

These past 12 years of my life have been an adventure. The Study has been a wonderful place where I've made friends and memories that could last me a lifetime. AB and MCB: we've known each other 16-17 years, which says enough..haha! AMHM, LKC and KCM: Some of the best days of my life were spent with you, and I'd like to thank you for everything. To my other unforgettable friends (including PCH and AEG): I cannot say how grateful I am that you came into my life. Finally, Class of 08: I've known most of you my entire time at this school, we've grown up and created great memories together. I'll cherish the times I've spent with all of you forever. Lastly, I'd like to thank all the teachers who've helped me throughout the years.

"The horizon leans forward, offering you space to place new steps of change."

- Maya Angelou

Twelve years really can go by in a blur, the magnitude of these years spent at The Study only really strikes you at the end. Time flew by so quickly because of the invaluable friends I have made here, and by encountering and being taught by incredible teachers. I would also like to thank my parents and family for always supporting me, my teachers for inspiring me, and my friends for all the memories we will cherish.

Stuff your eyes with wonder, live as if you'd drop dead in ten seconds. See the world. It's more fantastic than any dream made or paid for in factories.

### Message from Captain:

We had a really good season this year and it was especially fun to be at practice with all of you!! Whether we were doing our "special" warm-up or watching Matt cream us at a one against 14 volleyball game, there was never a boring practice or dull game. I am really proud at how hard we all worked and we'll really miss the girls who won't be with us next year, but I can't wait to play with the rest of you again next season!!

Love,

Your captain Patricia <33

This year we had an outstanding season. We played in all sorts of weather, on different ends of the island, and with various injuries. Through everything, we were able to make it out on top and, once again, win gold in championships! We're really proud of all of you!

Love, Your Captains,  
 Lara, Alex, and Maria

# ATHLETICS BANQUET

# CANDIDS

A high-contrast, black and white graphic design. The background is black. A central black circle is the origin of numerous white, straight lines radiating outwards to the edges of the frame, creating a sunburst effect. In the upper right and lower left quadrants, there are white rectangular areas. Each of these areas contains a solid black five-pointed star. The word "Special" is written in a large, bold, black, serif font, positioned on the left side of the central circle, partially overlapping the radiating lines.

**Special**

# Physics Competition

## Israel 2008

This year, a group of five Study girls were given the opportunity to participate in a Physics competition under the guidance of their physics teacher, Kelly Miller. The goal of the competition was to create a safe that would only be unlocked using physics concepts chosen from a list. The Study's team: Amanda McCoubrey, Lara De Stefano, Julie D'Aoust, Caroline Jo, and Tiffany Madon, made their safe using the laws of fundamental harmonics as well as the Ideal Gas Law. They participated in the regional competition held at St-Georges High School, and left with the first place prize! The final round of the competition took place at the Weizmann Institute in Israel! The girls flew to Israel and competed along many other teams. After the judges made their rounds, they announced the winners: The Study!

# AUSTRALIAN EXCHANGE

Left to right: Julia Durham, Arielle Morgan, Madison McLeod and Amanda Debruyne

The month we spent in Australia on a student exchange program was the trip of a lifetime. We got to live with a family; to go to a whole new school and see things we could never even imagine. The school was in Melbourne but with our host families we each travelled to different parts of Australia including the outback (the bush), the Great Barrier reef, and Sydney. We had an amazing experience and made friendships that will last forever.
